THE NAINITAL BANK LIMITED (Regd. Office: G.B.Pant Road, Nainital)

NET STABLE FUNDING RATIO DISCLOSURE AS ON MARCH 31, 2024

The RBI guidelines stipulated the implementation of NSFR effective from 1st October 2021 at a consolidated level with disclosure from quarter ended December 2021. Accordingly, the bank is computing the Consolidated NSFR. The NSFR is defined as the amount of Available Stable Funding relative to the amount of Required Stable Funding;

NSFR= (Available Stable Funding (ASF)) / (Required Stable Funding (RSF))

Available stable funding (ASF) is measured based on the broad characteristics of relative stability of funding sources, including contractual maturity of its liabilities and the differences in the tendency of different types of funding providers to withdraw their funding. Required Stable Funding (RSF) is a function of the liquidity characteristics and residual maturities of the various assets held by the bank including Off-Balance Sheet (OBS) exposures.

The table attached herewith sets out the un-weighted and weighted value of the NSFR components as on 31st March 2022 and 31st March 2023 based on audited financials.

At a consolidated level, the NSFR of the bank comes out to 188.66% as on 31st March 2024 against the requirement of 100% as per RBI guidelines.

To promote the consistency and usability of disclosures related to the NSFR and to enhance market discipline, bank is required to publish its NSFR according to a common template given by RBI. Bank is therefore required to publish this disclosure along with the publication of financial statements (i.e. typically quarterly or semi-annually), irrespective of whether the financial statements are audited. The NSFR information is calculated on a consolidated basis and presented in Indian Rupee.

Data must be presented as quarter-end observations. Both un-weighted and weighted values of the NSFR components are to be disclosed unless otherwise indicated. Weighted values are calculated as the values after applying ASF (Available stable funding) or RSF (Required stable funding) factors.

RBI in its circular dated 05.02.2021 decided that NSFR guidelines will come into effect from October 1,2021.
